TRAINING

I am currently enrolled in 2 classes. One focuses on voice coaching classes with a professional news broadcaster for voice overs and commercials and the other is a sports broadcasting class for announcing, interviewing and play by play. 10-1-2011 Just completed a v/o bootcamp at the SoundLounge with Carrie Faverty and Andy Roth.

SPECIAL SKILLS

I have all the tools, such as perfect diction, natural ability for timing, and the ability to do dialects and impersonations. I have a quick wit and comedic talent.

I also play the guitar and sing.

Want to know more?

I enjoy and can play most sports. Very comfortable speaking to groups of people.
